

**REVOLVING CENTERS & CNC TOOL HOLDERS**

**Turnmax Machine Tools is OEM Supplier to all CNC Lathe manufacturers of India Including :**

- **ACE Designers**
- **Bharat Fritz Werner (BFW)**
- **Lakshmi Machine Works (LMW)**
- **Jyoti CNC Automation**
- **Macpower CNC Machines**
- **Lokesh Machines**
- **Galaxy Machinery**
- **PMT Machines**
- **Electronica Hi-Tech Machine Tools**
- **Yamazaki Mazak India**
- **Pride Machine Tools**
- **Grind Master Machines**
- **Global CNC Automation**
- **S&T Machinery (STM)**
- **Batliboi**
- **Askar Microns**
- **Sands Precision**
- **Hi-Life Machine Tools**
- **HMT Machine Tools**
- **Marshall Machines**
- **Tussor Machine Tools(Pinacho)**

- **India's largest & No. 1 Revolving Center manufacturing co.**
- **Exported to more than 16 countries**
- **OEM for all CNC Lathe Manufacturers**
- **Quality comparable with best European makes of Germany & Italy**

# EXPORTED TO :

- USA
- UK
- Malaysia
- Netherlands
- Czech Republic
- Chile
- Italy
- Iran
- Belgium
- Australia
- New Zealand
- South Africa
- Mexico
- Israel
- Thailand
- Canada
- Argentina
- UAE

AN ISO 9001 : 2015  
CERTIFIED COMPANY

## COMPANY PROFILE

The company **TURNMAX MACHINE TOOLS** was established primarily to cater to the needs of the various Machine Tool manufacturers of India as an OE supply company.

The initial products that were manufactured were the Revolving Centers and various types of CNC Tool Holders. In a short period of time these products got approval and acceptance from almost all leading Indian Machine Tool Manufacturers including ACE Designers – which is the largest Indian CNC manufacturer.

We also now have exports to more than 16 countries.

A distinguishing feature about our company is that we have abstained from getting any of our products sub-contracted and branding them with our brand. All products are made in house.

We have installed sophisticated machinery in our factory and continue to invest in latest machinery and equipment. A team of highly dedicated and competent personnel is at the helm lead by technocrat trained in advanced foreign country.

Since inception our quality policy has been very clear – to offer maximum value to customers for their money by offering consistent precise quality and by designing tooling to suit specific job requirements.

It is due to this that today we are India's No.1 company manufacturing Revolving Centers – both for quality and quantity produced.

We take this opportunity to express our sincere thanks to all companies and customers who have reposed their faith in our company and products and have helped us reach where we are today.

# INTEGRAL SHANK KEYLESS DRILL CHUCK

# One piece construction ensures higher rigidity & better safety.

Part No.	Shank Taper	Chuck Size	L mm	L1 mm	L2 mm	ØD mm	Ød mm	Runout (at 25 mm)
KLDC ISBT 40 1-13	BT-40	1-13 mm	65.4	105.5	66	50	63	0.050mm
KLDC ISBT 50 1-13	BT-50	1-13 mm	101.8	117.5	66	50	63	0.050mm

# KEYLESS DRILL CHUCK

- Wipe off the antirust oil applied on both the Keyless Chuck female taper and Drill Chuck Arbour male taper with MTO or kerosene before assembling them together. Do not hammer or use press machine to lock the drill chuck arbour & keyless chuck. This would distort the chuck beyond repair.
- For right hand rotation application only.

Part No.	Model	Size mm	L mm	L1 mm	D mm	Runout (at 25 mm)
KLDC 0-6.5 HD	Heavy Duty	0-6.5	69	62	34.0	0.050 mm
